There was a boy who likes to be a baker.

His mom encouraged him a lot. She helped him to bake cupcakes. She brought the ingredients and asked her son to mix them and pour the mixture into a cupcake baking pan.

The mother put the pan in the oven. After they baked, the boy wanted to decorate them.

He finished 4 cupcakes.

Then he finished 5 cupcakes more.

He asked his mom: "How many cupcakes did I make?"

His mom said: "you have to add 5 to 4 and count how many they are".

Can you help him please!
